STAT
MEMORANDUM FOR:

FROM:

SUBJECT: MSSI at DIC

In response to your memo of 28 November, I am forwarding a small suggestion. A short-term project to increase awareness of the Defense Intelligence College's program, 'Master of Science in Strategic Intelligence' would include-- Inclusion of the program in the DI Training manual (not done). Recognition from you that it is the only, repeat only, Degree Program in Strategic Intelligence in the US. It was recently publicized on network news, but has not been recognized by the DCI or CIA. Advertising slots for students and faculty from CIA. I was an adjunct faculty member this summer, but it was off-the-cuff, and not an organized program.
